

Mobile Service Solutions for Cooled ThermoTherapy™ and Prostiva® RF Therapy.

We deliver safe, durable, and versatile solutions for In-Office BPH treatment right to your door

You perform the procedure. Our trained Application Specialists take care of the rest.

Our professionally trained Application Specialists will handle the equipment set-up, technical support, and clean-up after each procedure. We will come fully prepared with the appropriate generator, the procedure kit, the patient monitor, and an ultrasound system. We provide a turn-key service which will help you deliver maximum patient satisfaction with minimal practice disruption.

- Convenient and consistent:
Equipment and technicians scheduled in advance exactly when you need them
- No capital equipment or inventory to purchase
- No extra staffing or training
- More than 40,000 patients treated using our Mobile Service
- Targeted, customizable procedure completed in less than 1 hour
- Covered by Medicare and most other insurance carriers

The Targis System/Cooled ThermoTherapy is indicated to relieve symptoms and obstruction associated with BPH in men with prostatic urethra lengths greater than or equal to 2.5 cm. This treatment is contraindicated for patients with a prostatic urethra <2.5 cm in length as measured from the bladder neck to the verumontanum, with urethral stricture (unable to pass 22F urethroscope), peripheral arterial disease with intermittent claudication or Leriche Syndrome (i.e. claudication of the buttocks or perineum); patients who have undergone pelvic radiation therapy or have implanted active devices, including pacemakers or defibrillators within 2.6 inches (6.5 cm) of the prostatic urethra. Cooled ThermoTherapy is a trademark of Urologix, Inc.

For complete indications, contraindications, and precautions for Prostiva RF Therapy, please refer to the Prostiva System Manual at www.urologix.com. Prostiva is a registered trademark of Medtronic, Inc. used under license. Urologix is the exclusive licensed distributor for Prostiva RF Therapy products.

Caution: Federal USA law restricts these devices to sale by or on the order of a physician. For more complete information about the benefits, risks and contraindications associated with Cooled ThermoTherapy and Prostiva RF Therapy, please refer to the product labeling packaged with the device or refer to the System Manual/Instructions for Use found at: www.urologix.com.

Call Urologix for more information on our Mobile Service Solutions at 1.888.229.0772 or visit our website at www.urologix.com.
